25X1

Your letter of 26 July 1948, concerning employment in a linguist capacity, has been referred to this office for reply.

It is desired to give you further tests in translation from voice of the type you have already taken, in order to determine whether a second attempt will correct certain errors evident in the results of your first test.

If your qualifications are found to be adequate in all respects, it is probable that you could enter on duty within thirty days.

Sincerely yours,

25X1
